EMBROIDERY NOTES

1. Safety Margin

A minimum clearance of 0.59 in (15 mm) must be maintained between the embroidery edge and the fabric cutting edge to prevent interference during embroidery and subsequent assembly.

2. Minimum Design Requirements

Minimum line thickness: 0.031 in (0.8 mm)
Minimum spacing between design elements: 0.039 in (1 mm)
Minimum text height: 0.20 in (5 mm)

3. Dimensional Tolerance

Slight variations in finished embroidery dimensions may occur due to fabric characteristics and the embroidery process.
